## Almost A Miracle.

One of the most startling changes ever seen in any man, according to W. B. Holclaw, Clarendon, Tex., was effected years ago in his brother, "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 lbs. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents and \$1.00. Trial bottle free at All Druggists.

## A Matter of Assurance.

"Some of your speeches," said the cynical friend, "make me think of a mathematical marvel I once knew." "What was that?" "He would dispose of any problem you gave him. Nobody in the crowd was able to say whether he got the right answer, and it really didn't seem to make much difference, anyhow."

## WAS GOLDEN AGE OF BEARDS

In Reign of Henry IV. of France Face Follage Was Given Full Sway.

The reign of Henry IV. of France was the golden age of beards, for at that time of day quite as much attention was paid to them as to the dressing of the hair of both sexes. Beards were clipped in all manner of fashions—round, square, pointed, fan-shaped, and after the fashion of an artichoke leaf. Unfortunately, when the craze for beards of all shapes and sizes was at its height, Louis XIII., who was then a child, came to the throne and the beard had to go in honor of the hairless chin of the new monarch. Soon afterwards the tuft, or toupee, which is still so fashionable across the Channel, came into vogue. But no European nation has ever held the beard in greater veneration than the Spaniards, who at one time of day had a proverb which declared the absence of beard to signify the loss of a man's soul. Spain must have been one of the last of European countries to tolerate the razor.

## WORLD'S LARGEST CANDLE.

The making of an ordinary domestic wax or tallow candle is sufficiently wonderful to the lay mind to excite comment, but a candle has lately been lighted in Rome that is eleven feet three inches in height and will burn for six years.

In various places of worship candles are used in their symbolic sense, candles of vast proportions, but the one in question is a giant of its clan. The first step in the making of this mammoth candle was to construct the wick, a wick that would burn clearly and cleanly and need no snuffing.

Suspended by a derrick over a vat of boiling wax, the wick was dipped no fewer than two hundred times, till the required quantity of wax adhered to it, and between each dip the wax picked up had to dry off.

## Puts End To Bad Habit

Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feelings end "the blues." Best for stomach, liver and kidneys. 25 cts.

## Had Been In Training.

A man who had undergone a court examination by a lawyer in Chicago without faltering for a second was complimented by the lawyer later for his accurate manner of recalling early and minor episodes of his life. "I was well rehearsed for it," said the witness. "Only yesterday I had to fill out an application for a telephone."
